<h1> Computer Accessories </h1>
<br>
<p> Any device added to a computer that performs an additional capability or
feature, but is
not required. <br> A good example of an accessory is the computer printer,
which gives the
computer the ability to print.<br>However, a computer would still work if it
didn't have the
printer. </p>

Output:

The screenshot shows a web browser window with a black background. At the top, there is a light blue header bar with the text "CONTACT US" in bold, underlined, and centered. Below the header is a white rectangular area with a grey border. Inside this area, on the left, is the text "LEAVE US A MESSAGE" followed by a horizontal line. To the right of the line are several form fields: "Your Name" (text input), "Your Email" (text input), "Your Mobile Number" (text input), "Type" (a dropdown menu showing "Please Select" with a downward arrow), "Your Message" (text area), and a reCAPTCHA section. The reCAPTCHA section consists of the text "Enter the code in the box" and a text input field, with the reCAPTCHA logo to its right. Below the input field is a "Submit" button.
